We also cover essential theory units that really contribute towards your professionalism and prepare you to easily move into a working environment: Working in Beauty Therapy, Health and Safety in the Salon, Client Care and Communication, Promoting Products and Services and Reception Duties.

Students have use of our Student Treatment Room throughout their course, and can use the room as newly qualified therapists to book in paying clients towards the end of the course. Students will accept money from clients, we charge 2€ for treatments while the students are learning, which introduces students to accepting money, and working out change.
